Subject: termination of employment contract

Dear Yunus,

You started working with Skyworkz in Utrecht on February 1, 2023. We have agreed a probationary period of two months in your employment contract. Your probationary period ends on March 31, 2023.

As already discussed on March 30, 2023, with Jorryt de Vries (Director of Cloud Connectorz) we hereby confirm that we will not continue our employment with you. We have made use of the option to terminate the employment contract between you and Skyworkz during the probationary period. The employment contract is therefore terminated on April 1, 2023.

We wish you every success in your further career.

Yours sincerely,

Bas Tichelaar

Director
